Gross rents across Alameda County, California

ACS five-year estimates | 2010 census tracts | Both periods in 2024 dollars

2012–2016 baseline

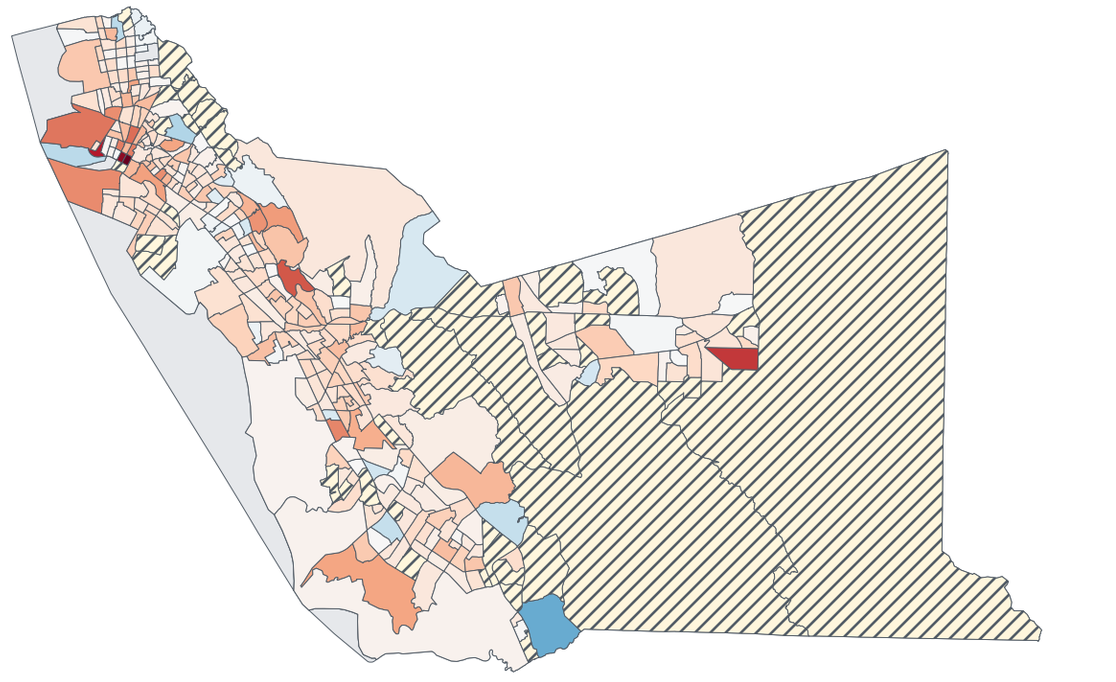

357 colored · 0 top-coded · 4 unavailable

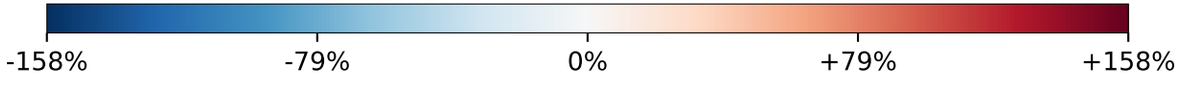

2012–2016 → 2020–2024 change

316 colored · 42 top-coded · 3 unavailable

Top-coded Missing / unavailable

Source: U.S. Census Bureau, ACS 2012–2016 / 2020–2024; 2010 TIGER/Line tract boundaries.
Later rent uses native tract medians on unchanged geography; elsewhere, block-group rent distributions are allocated to 2010 tracts.
Top-coded: baseline period at left; either period at right (including cases also missing the other period). Other unavailable tracts remain gray.
Change requires positive rents in both periods. Baseline dollars already include the pipeline's 1.307 inflation factor; no further adjustment.
Full value ranges shown; no trimming or CV/sample filters. Projection: EPSG:3310.
